General Information Notes

Australia Awards Scholarships are an important component of Australia’s investment in education. In Indonesia, Australia Awards Scholarships provide opportunities to study in Australia at **Postgraduate** level. They are offered to Indonesian citizens to provide enhanced leadership, knowledge and technical skills to the Government of Indonesia, to tertiary institutions and to strategic organisations that are driving sustainable development.

Australia Awards Scholarships have been an important component of the Australian Government’s efforts to reduce poverty and achieve sustainable development since the 1950s. This is achieved through:

1. Developing capacity and leadership skills so that individuals can contribute to development in Indonesia; and,
2. Building people-to-people linkages at individual, institutional and national levels between Indonesia and Australia.

Category

Australia Awards Scholarships in Indonesia are offered in two main categories: **‘Targeted’** and **‘Non-targeted’**.

Applicants from the **Targeted** category include:

1. Candidates from our Geographic Focus Areas (GFAs): Aceh, West Nusa Tenggara, East Nusa Tenggara, Maluku, North Maluku, Papua, and West Papua.
2. Embassy partners: any candidate nominated by the Australian Embassy in Indonesia.
3. Government of Indonesia agencies: any candidate from a central, provincial or local government agency excluding employees of state universities and state-owned enterprises.

Applicants from **Non-Targeted** include candidates from the private sector, those that work for state university and state-owned enterprise, and everyone else.

Scholarships are for full-time study for a Master's or Doctorate degree from Australian tertiary institutions. The scholarship provides up to nine months full-time language and academic preparation in Indonesia. Students must achieve satisfactory results in this training to be able to continue their scholarships.
